

# ABOUT US

DHC is the premier hardware and service provider offering optimized and verified solutions for the dental and medical industries. We were formed to fill a void in the industry when it comes to CAD/CAM computers. Our singular purpose is to elevate digital dentistry.

Digital Healthcare Computers makes this easier for laboratories and clinics in terms of consumer value, customer service, and optimization. We pride ourselves on being on the cusp of technology. If a solution does not already exist, we will create one.

## Turn-Around Time

After placing your order, it takes between 14-21 business days for us to gather, assemble, and test your custom PC before it leaves our facility.

## Custom Branding

We are more than happy to customize your PC with vinyl labeling of your logo. Please be sure to send us an image of your logo (.svg).

## DHC Warranty

Our standard warranty plan includes a 3-year parts and service plan that is included with purchase and only applies to desktop computers. Each DHC laptop comes by default with a 2-Year Laptop Parts & Labor warranty.

# DHC PC OFFERINGS FOR 2024

## DHC WORKFORCE

**i5 processor / 16GB RAM / 1TB / RTX 3050**

This computer is ideal for front desk office work, multitasking, and web browsing. We recognize the importance of reliable PCs as essential business tools, providing a strong foundation for your business and making daily routines easy to manage.

**\$1,699.99**

## DHC Node

**i7 processor / 32GB RAM / 2TB / RTX 4060Ti**

The Node Line offers compact, small form factor systems that are ideal for mobility and space efficiency. These systems can easily be placed in a cart or carried for intraoral scans, making them perfect for on-the-go professionals. Despite their size, Node Line systems deliver powerful performance and scalability, ensuring that you have the computing power you need, wherever you are.

**\$1,999.99**

## DHC STANDARD

**i7 processor / 32GB RAM / 1TB / RTX 4060Ti**

While this line sets the standard for DHC, there's truly nothing standard about it. We harness enhanced processors, graphics cards, and memory to guarantee the optimal experience with the digital dental triad of hardware, software, and data security.

**\$2,799.99**

## DHC LAPTOP

**17" screen / 16GB RAM / 1TB / RTX 4060**

Our laptops are expertly crafted and configured for seamless setup on laptop carts, perfect for intra-oral scanners or designing full arch cases on the go. Designed to provide exceptional performance, they empower users to stay productive anywhere.

**\$2,849.99**

## DHC SIGNATURE

**i9 processor / 64GB RAM / 2TB / RTX 4070 Super**

The DHC Signature Line is engineered to surpass, out-compute, and outshine the competition. These systems are meticulously hand-built to precise specifications by DHC, ensuring the best possible performance for any CAD/CAM workload.

**\$3,599.99**

## FEATURING

DHC Custom Build  
crafted for  
Dental Lab Miami.

## THE DHC EXPERIENCE CUSTOMER TESTIMONIALS

"I found everything I needed at DHC. From the monitor to the keyboard and mouse, all available in one place, making it incredibly convenient. The ordering process was smooth, allowing me to request a specific PC configuration. The PC I received was exceptionally well-built."

- Miladinov Milos, Dental Lab Miami

"I had the pleasure of working with Vince, the founder and owner of DHC. He ensured that I received a PC that not only met but exceeded all my needs for our CAD/CAM department. I highly recommend DHC to anyone in our industry looking for top-notch PCs."

- Jorgen Gad, Art Pro Dental Design
